

**CAN YOU AFFORD ANOTHER TAX  
AND SPENDING INCREASE?**

- A proposed 4.22% tax increase that could increase to 16%
- We have an undetermined reduction in funding from the State!
- We have a loss of revenue from a decrease in property values!
- We have a Budget that increases spending by over \$1 million dollars!
- State of CT may require Windsor to pay \$3.2 million dollars for teacher pension costs.

# **VOTE NO FOR LOWER TAXES!**

## **TUESDAY-JUNE 6<sup>TH</sup> – BUDGET REFERENDUM**

- 1.) Why would the Windsor Town Council increase spending while the source of funds from the state, and property values (Grand List) are declining?
- 2.) The Governor and many of our Legislators are cutting local grants to the Town of Windsor due to the State's ongoing FISCAL CRISIS! The potential impact could cost Windsor Residents a **16% tax increase.** Town Council Meeting 05/15/2017

- 3.) If the 4.22% tax increase passes, the loss in funding from the state can be added to your tax bill. That means a tax increase of MORE than 4.22% without YOUR APPROVAL!
- 4.) The Budget being sent to Voters includes an \$826,790\* increase in Board of Education spending plus over \$865,950\* increase in the Town Operating Budget. Why would we increase spending when we know we have a revenue shortfall with more to come?
